## Education Policy Votes: Western KS Region 2

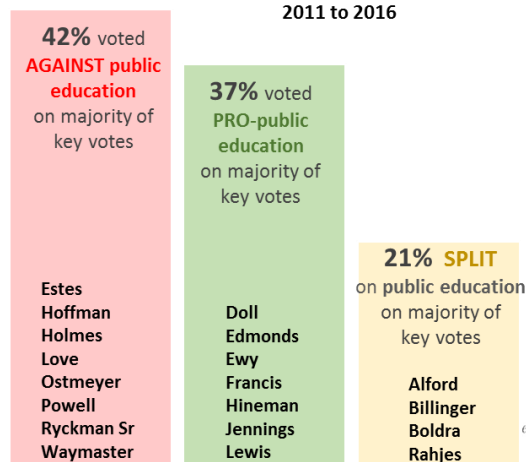

**THE BILLS & PTA POSITION.** Key votes are reviewed to profile current Kansas legislators' positions on public education policy. The past several legislative sessions have been alarming, in part, for their repeated attempts to diminish the K-12 public school system, often in the name of *reform*.<sup>1</sup> This Vote Count reflects the scope of policy positions pushed by legislative leadership, which run in opposition to nearly all of Kansas PTA Legislative Priorities<sup>2</sup> and often originate from the pool of ALEC<sup>3</sup> free-market template bills. Over a dozen votes since 2011 are presented here, though not intended to be a comprehensive list. Half of the bills were worked through both chambers, but a number of critical single-chamber votes are included as well.

This Vote Count profile starts with PTA Legislative Priority 1 and the *block grant* vote to repeal the 1992 school finance formula and ends with our Priority 10 and the vote to prohibit local schools boards from establishing their own weapons policies to keep schools safe. A green ✓ indicates a vote in alignment with Kansas PTA's pro-public education legislative platform and a red ✗ indicates a vote against PTA pro-public education positions.
